Dear Nelsonville Board of Trustees,

Good afternoon. My husband (Joe Lucca) and I are unable to attend tonight's vote on the Settlement proposal, our apologies. We want to voice our opposition for a settlement to allow a 95-foot cell tower to loom over a historic 157-year-old cemetery and near the Manitou School. Not to mention, our concerns over the cell tower's potential long-term impact on public health and the environment.

We hope the companies involved can find a more appropriate place (far from here, frankly) to put a cell tower. A historic cemetery (where people go to sit in quiet contemplation) and a primary school are not suitable locations, in our opinion.

Thank you, trustees.
