Subject: Please Reject the Homeland Settlement  
To: <villageclerk@nelsonvilleny.gov>

Dear Nelsonville Mayor and Trustees,

I am writing this letter to urge you to not accept the settlement offer with Homeland Towers. I am resubmitting letters that I wrote in 2017 and 2018 arguing against the tower. The points mentioned in these earlier letters are still valid. In addition, in the years that have passed my understanding of the ecological conditions of the site have increased. Maintaining habitat connectivity is of vital importance, and any construction in that area will bring in disturbance and the proliferation of native species.

Thank you for your consideration.

Best,  
Liz
