Dear Mayor Bowman and Trustees,

I urge you to refuse this settlement and push for a better resolution. A settlement now is premature. As we have discovered, the fight is far from over- the 9th circuit has yet to decide on the new FCC ruling and our full aesthetics case has not yet been considered by the judge. I believe we would be doing generations to come a terrible disservice by rolling over too soon. Do not bend to Homeland's scare tactics and the insurance company's business interests.

I encourage you to work with us and find a way to pay for this fight. We have begun already by raising \$30,000 in a week. Don't assume Nelsonville will not step up to protect itself. Our history, our beauty, our children. Give us a chance to fight for our own.

We remain a small village, but we are a strong one. And we elected you to fight for us.

Thank you for all you've done and will do for our village.
